The School Magazine – FRAGRANCE 2022

Dear Parents/Students,

A school magazine is a great way for students to get creative, work with others and experience a snippet of real-life work setting. Like earlier, this year also St. Mary's English High School will be publishing its annual school magazine, 'Fragrance'.

The students will be able to showcase their creative abilities, through articles, poetry, riddles, painting, sketches, humor shots, stories (real life motivational).

Students who are interested, submit your creative content in word file format through the links given below.

Kindly note that the above mentioned things should be self-made or self-composed and not the copied ones from the internet.

Please upload your content in WORD FILE FORMAT through the appropriate link given below:-
